

ISLAND EQUIPMENT OWNERS ASSOCIATION 2021 IEQA FOUNDER'S BURSARY

January 5, 2022

To: All Members of the Island Equipment Owners Association and their Employees

We are pleased to distribute applications for the 2022 IEQA Founder's Bursary. This bursary will be awarded to employees, or dependents of employees or principals of an IEQA member company who are enrolled in a post secondary educational program or trades training program. Affiliate companies are not eligible for the bursary.

The Bursary Committee will accept applications from eligible individuals until May 31, 2022 and will award the bursary to the applicant(s) they feel are the most deserving. It is the committee's intent to award **at least one trades-based bursary and one academic-based bursary**, provided that suitable applications are received in both fields. The total value of the bursaries to be awarded this year is up to \$5,500.

In 2017 we added the \$570 value bursary to be awarded to a female applicant in honor of Laura Brewer, our retired association manager and her community spirit. This was generously donated by an anonymous member company and will be the fifth year it is awarded, provided suitable applications are received.

Please help the IEQA spread the word about this bursary by posting this announcement in your office and/or including a copy of the attached information sheet with your employee's paycheques. We know that there are many deserving students in your network that could use some financial assistance to achieve their goals. Last year the committee awarded a total sum of \$5,570 to 7 well deserving students.

Since 1999 the IEQA has awarded over \$120,400 to students within our membership, THANK YOU to our member companies and their generosity!

Applications are available at ieoa.ca or by request at the email below. Completed applications should be submitted before May 31, 2022 to:

MAIL: Bursary Committee
